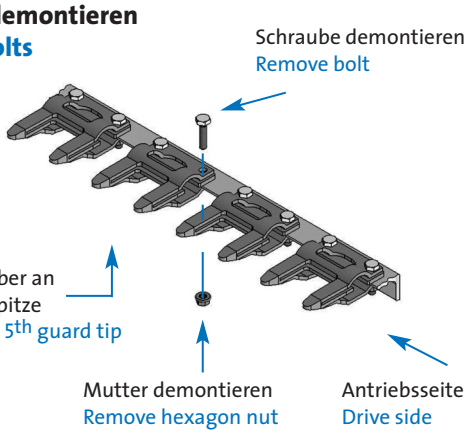
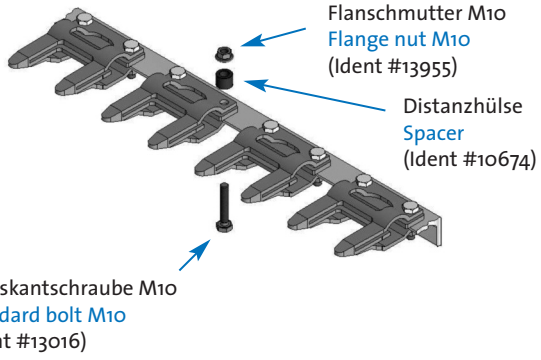
Schritt 1 / Step 1

Schrauben demontieren
Demount bolts



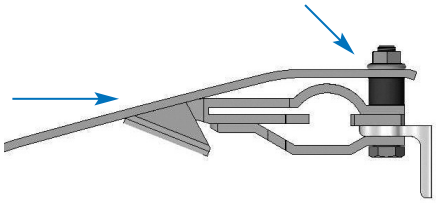
Schritt 2 / Step 2

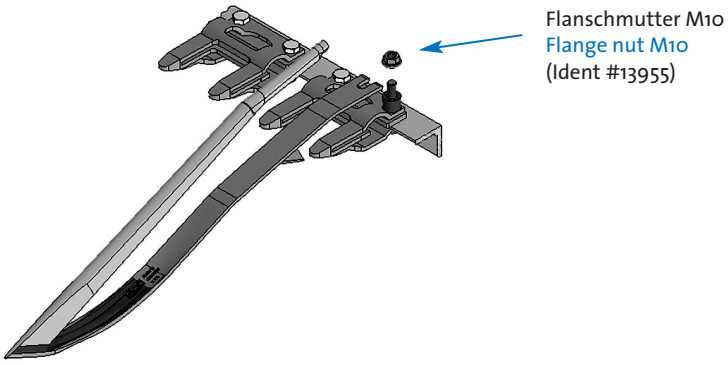
Befestigungskit einsetzen
Mount crop lifter fixing kit



Schritt 3 / Step 3

Ährenheber bündig aufschieben und verschrauben
Fix crop lifter flush-mounted and screw it down





Optimale Ährenheberposition
Ideal crop lifter position

Montieren Sie zunächst 2-3 Ährenheber (auf jeder 4ten Fingerspitze), lassen Sie das Schneidwerk auf Arbeitshöhe ab und überprüfen Sie die Ährenheberstellung.
Mount 2-3 crop lifters (on every 4th guard tip), lower the header to working level and check crop lifter position.
